Get Audited Invoices Into QuickBooks **Automatically**

The **QBO Plug-in** sends every audited carrier invoice from **Invoice Hub Essentials** straight into QuickBooks Online as an AP Bill. No re-keying, no new software to learn, and no added cost. It's included free with Invoice Hub Essentials and ready to use in minutes.

No re-keying. No extra software. No added cost.

Why Shippers Like It

- ✓ **Time back.** No more manually re-keying every carrier invoice into QuickBooks Online.
- ✓ **Fewer errors.** AP Bills are built from already audited invoice data, not retyped by hand.
- ✓ **No cost, no project.** It's live in minutes through a simple setup wizard. No implementation timeline or budget approval needed.
- ✓ **Room to grow.** Need custom mapping or two-way sync later? The full QBO Integration is a natural next step.

Plug-in vs. Full QBO Integration

DIMENSION	QBO PLUG-IN	FULL QBO INTEGRATION
Direction	One-way sync	Bi-directional
Mapping	Fixed wizard fields	Custom mapping
Setup	Self-serve, minutes	Guided implementation
Support	Standard channels	Dedicated team
Cost	Included	Paid, quoted

Already on Invoice Hub Essentials? You already have this.

Connect QuickBooks Online, and every audited invoice becomes an AP Bill automatically. No extra cost, no project, no waiting.
